Title: *Twenty Twenty Vision...From a geek with specs!*

Summary: Exploration: let's chat about some of my Maths adventures up until 2020. Insights: what have these taught me heading into the rest of 2020 and beyond? We'll definitely have the odd geeky puzzle, overdose on Mathematical puns, reminisce about Pi Day antics, share some unseen stories from Family Brain Games, focus on the world's finest free weekly Maths newsletter and, if everyone behaves, we'll have a sing-along musical finale!
