

## March eNews

### President's Blog

Our President's, Dr Colin Foster's, **blog**, aiming to address issues of interest and relevance across the entire range of mathematics, from early years to university, has reached its final three posts, which will appear in March:

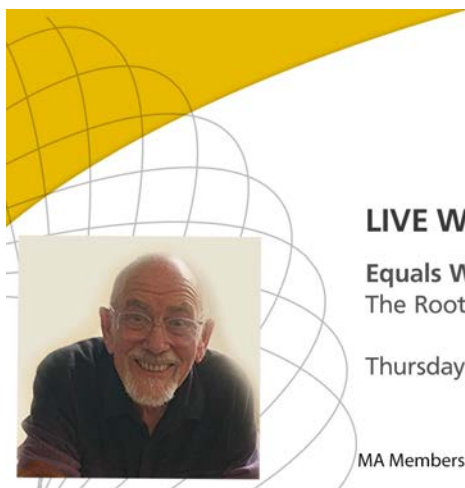

- 2 March: Are probabilities and inequalities approximate?
- 16 March: Crocodiles and inequality signs
- 30 March: Teaching specific strategies for problem solving

The blog is at

<https://blog.foster77.co.uk>. Do take a look at these final posts and follow Colin on Twitter: [@colinfoster77](#)

### LIVE WEBINAR

**Equals Webinar Series:**  
The Root of Maths with Les Staves

Thursday 2 March | 16:00

MA Members are FREE, non members £6.

We have a fantastic webinar from our Equals Online team this month. **Les Staves** will be presenting 'The Root of Maths'.

This webinar will delve into the relevance and roots of mathematics for children with very special needs.

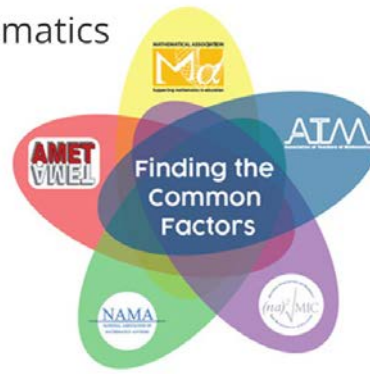

**When:** Thursday 2nd March 2023 at 16:00

**Price:** MA members FREE / Non members £6

## Joint Conference of Mathematics Subject Associations

Finding the Common Factors  
Warwick University  
3 – 4 April 2023

### Join us for Dr Colin Foster's Presidential Address 'Less is More!' on Tuesday 4th April 2023 at 3.30pm!

In this talk **Dr Colin Foster** will highlight seven aspects of teaching mathematics in which '**doing less**' might be advantageous. He will suggest how these seven ways of '**improving by removing**' can benefit both the learners and their busy, hardworking teachers.

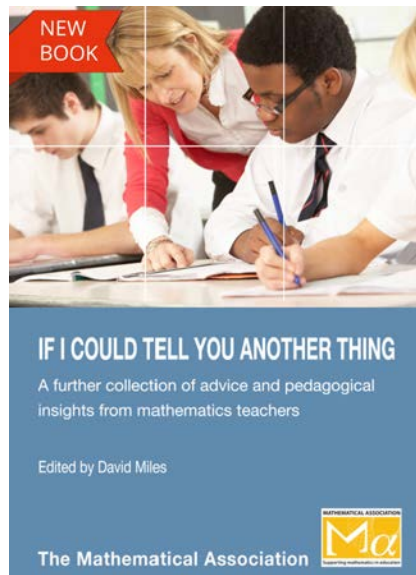

Visit the [conference website](#) for more information. For any queries about conference please do not hesitate to [contact us](#)

### If I Could Tell You Another Thing - David Miles

'If I could tell you another thing' is the eagerly anticipated sequel to our popular 2022 publication 'If I could tell you one thing'. For this companion volume, chapters have been commissioned from an entirely different group of mathematics educators who have collectively accumulated hundreds of years of professional expertise in secondary and post-16 settings.

Early career teachers will find the wisdom and guidance shared here of enormous value but more experienced colleagues will also discover plenty to appreciate, consider and implement in their own classrooms.

FIRST MATHEMATICS CHALLENGE  
12TH - 23RD JUNE 2023

ORDERS NOW OPEN!  
JOIN US FOR THE 2023 CHALLENGE

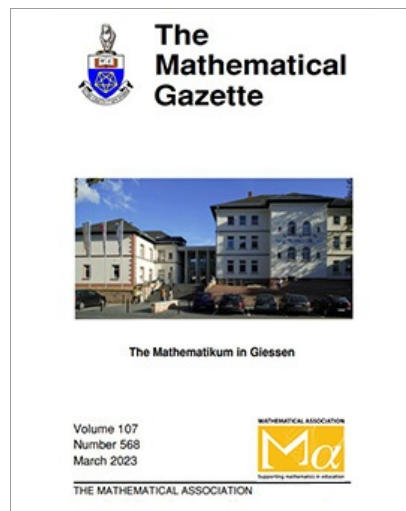

## First Mathematics Challenge 2023

We are pleased to announce you can now register for the **First Mathematics Challenge**, taking place between **12th - 23rd June 2023!**

The challenge is specifically created to give all pupils, UK and worldwide aged between **7 and 9**, the opportunity to take part in a fun mathematical challenge and provides an entertaining yet educational ending to the school year.

## Renew your Membership

Don't forget to renew your personal membership for 2023, Renew before 13th March to vote at the AGM. Simply log on to the **member's area** and renew your membership today!

Renew your 2023  
membership!

Come to our Open Day!

Saturday 4th March 2023  
12pm - 3pm

Join us for our open day this Saturday 4th March 2023!

Come and browse our collection of journals, books and materials which we have accumulated over the years, and for a donation you can help yourself with all proceeds going towards maintaining the MA Library!

**When:** Saturday 4th March 2023 from 12 - 3pm  
**Where:** 259 London Road, Leicester, LE2 3BE

Open to all members and anyone with an interest in mathematics.  
If you have an enquiry or would like further information, please contact us by [email](#).

## MA BRANCHES

FOR LOCAL ACTIVITIES AND EVENTS IN YOUR AREA

### Branch event information

#### Cambridge

Join the NRICH Team

**When:** 14 March 2023 from 16.30 - 18.00

**Where:** Centre for Mathematical Sciences, Wilberforce Rd, Cambridge CB3 0WA

#### Leicester

Maths CPD Opportunity : MA/ATM East Midlands

**When:** 25 March 2023 from 9.30 - 12.30

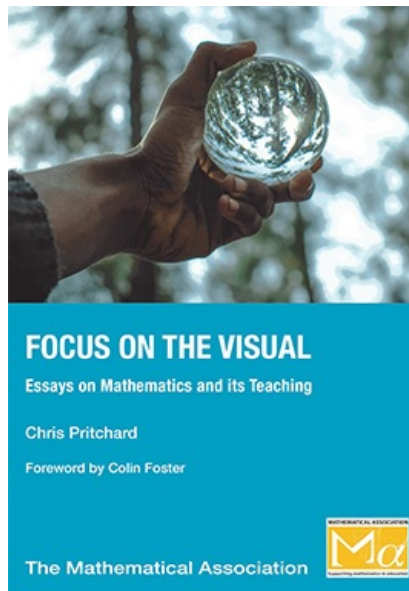

**Where:** School of Museum Studies Building, 19 University Road, Leicester, LE1 7RF

### Branch event information

## MA SHOP

We have a vast range of books and resources available for you to purchase from our shop. [Log in](#) to receive **30% discount as a member of the MA.**

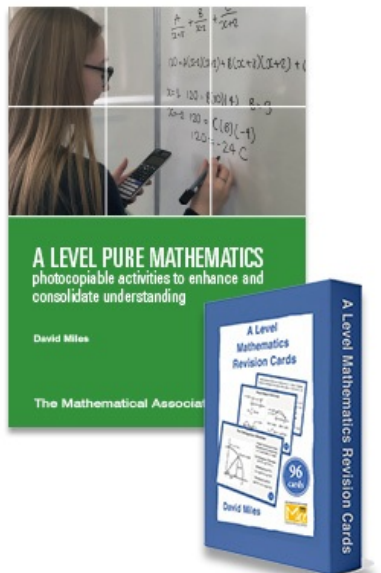

## Focus on the Visual Chris Pritchard

Written during his term as President of the Mathematical Association, this collection of essays by Chris Pritchard emphasises the need for us to focus on the visual.

## Get ready for Maths Week London 2023

**Maths Week London's** mission is to ignite a love of maths in children across the capital. Numeracy is a vital skill and we believe it can and should be enjoyable, relatable and accessible.

We are delighted to be supporting Maths Week London, taking place **26 June - 30 June 2023.**
