Primary Group Practical Guide

MATHEMATICAL ASSOCIATION

Supporting mathematics in education

In response to the 2021 Mathematics Ofsted Research Review, members of the joint MA and ATM Primary Group have produced an excellent practical guide to help Primary and Early Years teachers interpret the recommendations from Ofsted to review and translate them into positive pupil experiences.

Primary Mathematics Challenge: November 8th - 19th

Take part online, or order your packs for delivery. Early bird discount available.

Running over two weeks in November, the PMC is an engaging way to make maths fun for your pupils.

The PMC is aimed at upper primary pupils between the ages of 9-11.

Click below to find out more, or why not [download](#) some of the past papers and have a go yourself!

Webinars

As part of our 150th Anniversary we are pleased to bring you a series of engaging webinars, hosted by fantastic speakers, including a series delivered by our [Equals Online](#) team.

Webinars are **free** to all MA members and £5 for non members.
[Why not share with your whole maths team and colleagues?](#)

A promotional graphic for a webinar. On the left is a small video thumbnail showing a whiteboard with the '150th MA' logo. Text above the thumbnail reads 'YesUCan set the climate' and '@Maths4UKpic #YesUCan'. To the right, the text reads: 'LIVE WEBINAR', '#YesUCan: Developing a Growth Mindset is only 25% of the answer with Dave Bowman', '18th August | 10:00', and '#MA150th webinar series'.

#YesUCan: Developing a Growth Mindset is only 25% of the answer

Join us on 18th August at 10:00am

Why and how do you create a culture of #YesUCan for children and teachers in your classroom and school? The webinar will cover the psychology of the four academic mindsets behind #YesUCan and the biology supporting Growth Mindset. Ideas will be shared on how to implement, including using the power of yes and examples of the positive impact of #YesUCan.

Save the dates for our Equals Webinars (more details to come):

21st September:
Anxiety with Tom Hunt

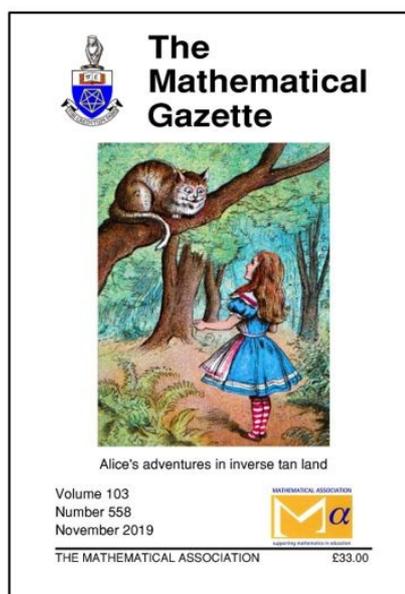

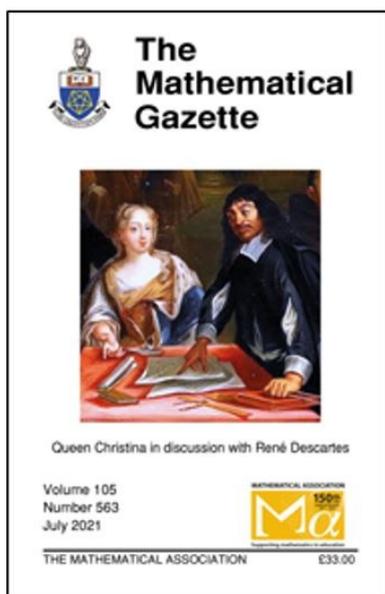

14th October:
Year 9 with Jeremy Hodgen

16th November
How to teach Mathematics with Steve Chinn

The Mathematical Gazette Index for 1894 - 2019

In recent weeks, the Gazette production team has created a pdf for the years 1894 to 2019, covering Issues 1 to 558. It is arranged in approximately blocks of 10 years, although the first block includes 15 years. This gives a view of how the content has evolved over time. Each block is sorted by author surname.
