The Mathematical Gazette	60
- Primary Mathematics, Mathematics in School, Mathematics Teaching ( <b>ePrimary/ eSecondary</b> )	35

### **When does membership run from?**

Organisational membership runs from 1 September – 31 August.

### **What is a large organisation?**

A large organisation is classed as an LEA, University or College or an ITT provider.

### **Can I have eMembership as an organisation?**

Yes. All organisations can have an eMembership. While we navigate the changes AMiE brings, and set up our new website and system, organisational members can only have one login. However, when the new system is in place, schools will be able to have multiple logins to their accounts.

### **How many copies of my preferred journal will I receive?**

You get one copy of each preferred journal. You also get online access to the journal through the members portal. Details of which are in the Welcome email.

eMembers do not receive print copies, but access online through the members portal only.

### **How does my organisation apply for Membership?**

As a temporary measure, we have created a google form for new organisations requesting membership.

#### **Organisation Membership Application Form:**

<https://forms.gle/TmhnT7y95SFY3vHFA>

On the Google form you will need to provide the following details to complete your membership application:

1. **Invoice/Delivery Information**
  - Billing/delivery address
  - Name and email address for the finance contact
  - Name and email address for the membership holder
2. **Organisation Size**

Indicate whether you are a large organisation (different rates apply).
3. **Membership Format**

Confirm if you would like *eMembership* (online-only access to journals).
4. **Primary Journal Selection**

Choose one:

  - a. Primary Mathematics
  - b. Mathematics Teaching
  - c. Mathematics in School
  - d. The Mathematical Gazette
5. **Additional Journals**

List any extra journals you would like included with your membership.
