Thank you for your kind letter congratulating me on my recent appointment as the Secretary of State for Education.

It is an absolute honour to be appointed to this position, and I am delighted to be leading a department that does such vital and important work. It is a privilege to be able to work with our brilliant teachers, college staff, lecturers, social workers and support staff who are making such a difference to people's lives with their commitment and professionalism. By working collaboratively, we can face the challenges of the day and ensure every young person has the opportunity to realise their full potential.

I look forward to working with you.

Yours sincerely,
